****

Use Code adopted by American Association of Nurserymen, we will send copy upon request

In this list a cipher word is given for each grade

Telegraphic orders are transmitted to our office by telephone Our packing grounds are near express and freight depots which enables us to execute orders promptly

This price list is sent to the trade (nurserymen and florist dealers) only We do not mean to send it to planters, seed dealers, retail salesmen, or merchants in other lines of trade We do not wish to sell goods at wholesale to our retail patrons.

ALABAMA NURSERY CO

ANNALS, MCH 95

SEASON 1894-5 JULY 1, 1894

Wholesale Price-List

OF THE

ALABAMA . . . NURSERY COMPANY

(INCORPORATED.)

HUNTSVILLE, ALABAMA.

THE ALABAMA NURSERY COMPANY carries on a general Nursery business. The stock assortment is large, strictly first-class and very complete, comprising the leading varieties in every department. Its nurseries are near the city of Huntsville, and the plantings cover between three hundred and four hundred acres. The land is particularly adapted to the growing of Nursery Stock, and all stock sent out may be depended on as thrifty and healthy.

The Directors of the Company are: Ethan A. Chase, Riverside, Cal.; Lewis Chase and William Pitkin, of Rochester, N. Y.; Herbert, Charles and Henry Chase, Huntsville, Alabama. We have the experience, ability and judgment to handle all business entrusted to the Company in a manner that will be found intelligent and satisfactory.

There is but one way to build up and hold a business—and this is by thefair and honest treatment of customers. We are thoroughly equipped for handling stock in the most satisfactory manner, and all orders will receive our careful attention.

We solicit your correspondence.

Respectfully,

ALABAMA NURSERY COMPANY.

REFERENCES.

For the convenience of parties who do not know us, we refer to any of the banks or business houses of Huntsville; Storrs & Harrison Co., Painesville, Ohio; C. W. Reed Nursery Company, Sacramento, Cal.

EVERYTHING offered in this list is grown here on our own grounds. Trees are not dug till ready for packing and shipping, so customers may depend on receiving stock fresh, sound, and in first-class condition.

Our Nursery is convenient to the Depots and Express Offices, and orders can be packed and shipped promptly. Telegraphic orders can usually be shipped the same day as received. . . . . .

We are so situated that we can hold stock ordered by Northern nurserymen until they will want it for spring packing, thus avoiding all risk, trouble and expense of cellaring. . . . . .

As this list is sent to the wholesale trade only, the difference in price between the one hundred and one thousand lots is very small—enough to cover the extra cost of handling the smaller lots. Standard trees are tied in bundles of ten ; 2 to 3 feet and smaller trees, berry bushes, grape vines and roses in bundles of twenty-five. Orders for less than five hundred will be charged at one hundred rate. For more than five hundred, at lowest rate quoted.

Packing and Packing Cases.

Our packing season usually begins October 1st, and continues through the winter till March 1st. The work of packing is personally superintended by a member of the Company, who has had fifteen years' experience. We pack in moss. No pains will be spared to make our packing as good as the best.

The cost of cases seven and one-half to nine feet long, thirty inches, is $2.50; twenty-four inches, $2; eighteen inches, $1.50. Bales, 25 cents to 75 cents. No charge for drayage.

Bales cost a higher rate of freight; so, as far as possible, we ship in cases.

Shipping.

Please state how goods must be sent, whether by freight or express; also route. If no directions are given, we will ship as we think best serves customers' interests, without assuming responsibility. The risk and cost of shipment belong to purchaser.

Freights.

Orders from nurserymen in the North or West for less than car lots we can usually combine, and make up car loads to some principal city, where bulk can be broken. In this way customers will save freights and possible delays. We invite your correspondence on this point.

Grades.

We grade carefully; in some cases by caliper, others by height. When by both, the caliper must govern. The lower number is included, and the higher number excluded. For instance, in a grade of four to five feet, four feet trees are included, but five feet go into the next grade. If plump five feet trees are wanted, the order must be for five to six feet. When possible, we prefer to send samples to prospective customers.

Caution.

We accept all orders upon the condition that they shall be void should any injury befall the stock from frost, hail, storm, fire, or other cause over which we have no control.

APPLES.

Two Years, Grafted.

			100	1,000

1 to 2 feet, whips	Jewell	5 00	45 00

SPECIAL VARIETIES.

KOONCE.

This pear ripens two weeks earlier than Early Harvest or Jefferson. It is not quite as large as Early Harvest, but of much better quality, and does not rot at the core, as Harvest and Jefferson often do. The fruit is straw color, with red cheek, dotted with brown dots ; tree a vigorous grower. Originated with Geo. Gould & Son, Villa Ridge, Ill., where we tested the fruit in June, 1893. On June 11, 1894, we have a letter from Geo. Gould & Son, saying the Koonce trees would give them a fair crop of fruit this year, but that fruit buds of Kieffer, Howell and Seckel

in the same orchard were killed by the frost of March 26, those varieties having no fruit at all.

One Year, Buds (Koonce Pears).

		100
5 to 6 feet, branched	Knuckle	$30 00
4 to 5 feet, lightly branched	Kopeck	25 00

SHRUBS, CLIMBERS, ETC.

For plantsmen and florists, mail and express trade, or for transplanting.

Propagated from short cuttings. The plants are beautifully rooted, well proportioned, of uniform size, and much handsomer and more satisfactory to handle than layer plants. Ready for delivery after November 1, when they will be thoroughly mature and hard to the tips.
